PETRENKO TARAS

I started learning programming since 2018 by myself and keep going at Dan-IT school, and I like it. I want to grow-up and develop in Front-End direction. Hope find a good company with a nice team and become a part of it.

AREAS OF EXPERTISE

- **LAYOUT (Adaptive-Responsive):** HTML 5, CSS 3, FlexBox, Grid, BEM, GULP
- **JAVA_SCRIPT (ES-5, ES-6):** OOP, AJAX, NODE.JS, REACT(REDEX)

PROJECTS

MERN Full-Stack project.

Front-End: React.js(context, hooks,)

Back-End: (Node.js, Express, JWT Authentication, Hash Password, Express-walidator, Mongo DB)
